

An aerial perspective of a planned residential neighborhood. A central asphalt road with a dashed white line runs vertically through the center. On either side of the road are modern, single-story houses with light-colored walls and orange-tiled roofs. The houses are surrounded by green lawns and low hedges. In the background, a dense cluster of similar houses extends towards a range of rugged, snow-capped mountains under a clear blue sky.

An aerial view of a residential development. In the foreground, there is a paved parking lot with several marked spaces and white directional arrows. To the right of the parking lot is a road with a dashed white line. A small, light-colored rectangular structure is situated on a grassy area between the parking lot and the road. In the background, two houses with orange-tiled roofs are visible, surrounded by green lawns and trees. A tall, thin black lamppost stands near the parking lot, and another one is on the road. The overall scene is a 3D architectural rendering.
